

CLEAR EDGE

WINDOWS & DOORS

# THE CLEAR CHOICE

---

## **A supplier you can trust.**

At Clear Edge, we are passionate about quality service and quality product. Our focus is to work together with our customers, from start to finish, to deliver excellence every step of the way.

## **Quality without compromise.**

As experts in precision, we work with industry leaders to develop products that are not only inspiring and stylish, but at the forefront of safety and security too. We are so confident of the lasting quality of our doors & windows that we also provide a comprehensive 10-year guarantee.

## **Transparent pricing with nothing to hide.**

We are open and honest with all aspects of our business; especially pricing. We have made it so easy and fast to find out exactly how much your uPVC will cost, taking hassle and apprehension out of the picture.

A bright, modern living room with a white desk, a blue armchair, a fireplace, and a large mirror. The room is well-lit and features a clean, minimalist aesthetic. The desk has a white top and drawers, and the fireplace has a dark metal surround. A large mirror is mounted on the wall above the fireplace, reflecting the room. The overall atmosphere is warm and inviting.

“  
Our focus is to work  
together with our  
customers from  
start to finish and  
deliver quality every  
step of the way.  
”

Chris Dyke | Business Development Manager

# ABOUT CLEAR EDGE

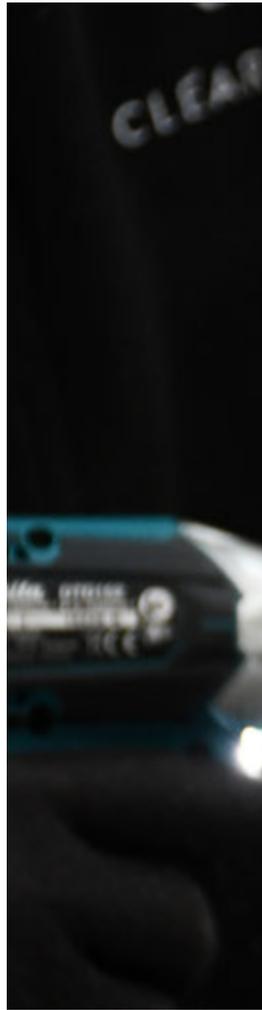

---

*Proudly made in the UK, we build every door and window in our purpose-built Buckinghamshire factory. This ensures that we have complete control over the quality of the product from start to finish.*

**Experts in quality, precision and service.**

Clear Edge is a modern company with a traditional attitude to quality and service. Boasting the latest technologies, a state-of-the-art factory and industry leading materials we are able to create the finest products on the market.

With over 100 years of experience and customer service at the cornerstone of our business we work together with our customers to make the whole process clear and simple – from planning and pricing to design and delivery.

# OUR FOCUS & ETHOS

---

**Our focus** is to work together with our customers from start to finish and deliver excellence every step of the way.

**Our ethos** is to provide great quality, not only through our product, but through our service too. At Clear Edge, we are committed to providing industry leading customer service as the cornerstone of our business.

No pushy sales, no third-party contractors, just a clear and simple service guaranteed.

# OUR WINDOWS

---

## Casement

---

Simple, efficient, & versatile; uPVC casement windows are a classic style that are highly customisable for both modern and traditional homes alike.

Available as a single frame or easily linked together to create striking configurations such as bay window or bow window designs. The Clear Edge uPVC casement window is virtually maintenance free and offers exceptional levels of energy efficiency.

## Bay & Bow

---

Create a feature of light and space with a panoramic Bay Window. Clear Edge uPVC Bay Windows are a quality enhancement for both outside and inside the home, creating additional space with beautiful windows in a projected arrangement.

Three or more casement window styles can be arranged in a shape or style to suit your project. All Clear Edge uPVC Bay Window arrangements are A+ rated as standard for superior heat retention.

## Tilt & Turn

---

The Tilt & Turn design is clever is dual-purpose - helping meet the demands of modern living and safety.

Tilt & Turn windows can be opened fully into a room for maximum ventilation and safe access window cleaning. Tilt & Turn windows also have the option to tilt slightly inwards, allowing for a breath of fresh air without compromising on security.

## Sash

---

Classic style with a modern twist, uPVC Sash Windows from Clear Edge offer traditional styling paired with the many benefits of modern uPVC quality manufacturing.

The Clear Edge uPVC Sash Window is built to the highest quality standards ensuring smooth operation and leading security – an enhancement on the traditional Sash Window but with the same elegant finish.

# OUR DOORS

---

## Sliding

---

Sliding doors are a practical solution for adding light and space to a room with their large glazed panels and horizontal sliding opening.

The smooth slide motion of the Clear Edge uPVC Sliding Door is tried and tested across the range to ensure lasting quality for the life of your door. Choose from a single sliding, double sliding or triple sliding door to create an impressive wide view feature adding space and light.

## French

---

French doors are an elegant and classically simple external door option.

Clear Edge uPVC French doors are expertly crafted for superior quality and style. We offer a range of options available to create a specific aesthetic to suit any project.

## Bi-Folding

---

These superb panoramic doors offer the latest in design, quality and thermal efficiency with very low maintenance.

Clever design features, a choice of opening configurations and a wide range of colour options are available.

Once folded back, they create a large opening with a low threshold for easy access.

## Single

---

Single doors are a practical external door option, with many designs, colours and finishes to choose from.

Clear Edge uPVC Single Doors are safe and secure, meeting the highest industry standards, as well as being a stylish choice for your project.

# THE BENEFITS

---

*Our ethos is to provide great quality, not only through our product, but through our service too.*

*At Clear Edge, we are committed to providing industry leading customer service as the cornerstone of our business. No pushy sales, no third-party contractors, just a clear and simple service guaranteed.*

## **Guarantee**

---

As experts in precision, we extensively test our doors and windows for lasting quality. We are so confident in our products that we supply a comprehensive 10-year guarantee.

## **Service**

---

At Clear Edge, we are committed to providing industry leading customer service as the cornerstone of our business.

## Safety

---

Our uPVC windows and doors are designed and built to meet the most rigorous safety and security standards – backed by BSI and Secured by Design.

## Quality

---

With our state-of-the-art factory & machinery, industry leading suppliers and extensive experience, we create products that are industry leading for quality.

## Built in the UK

---

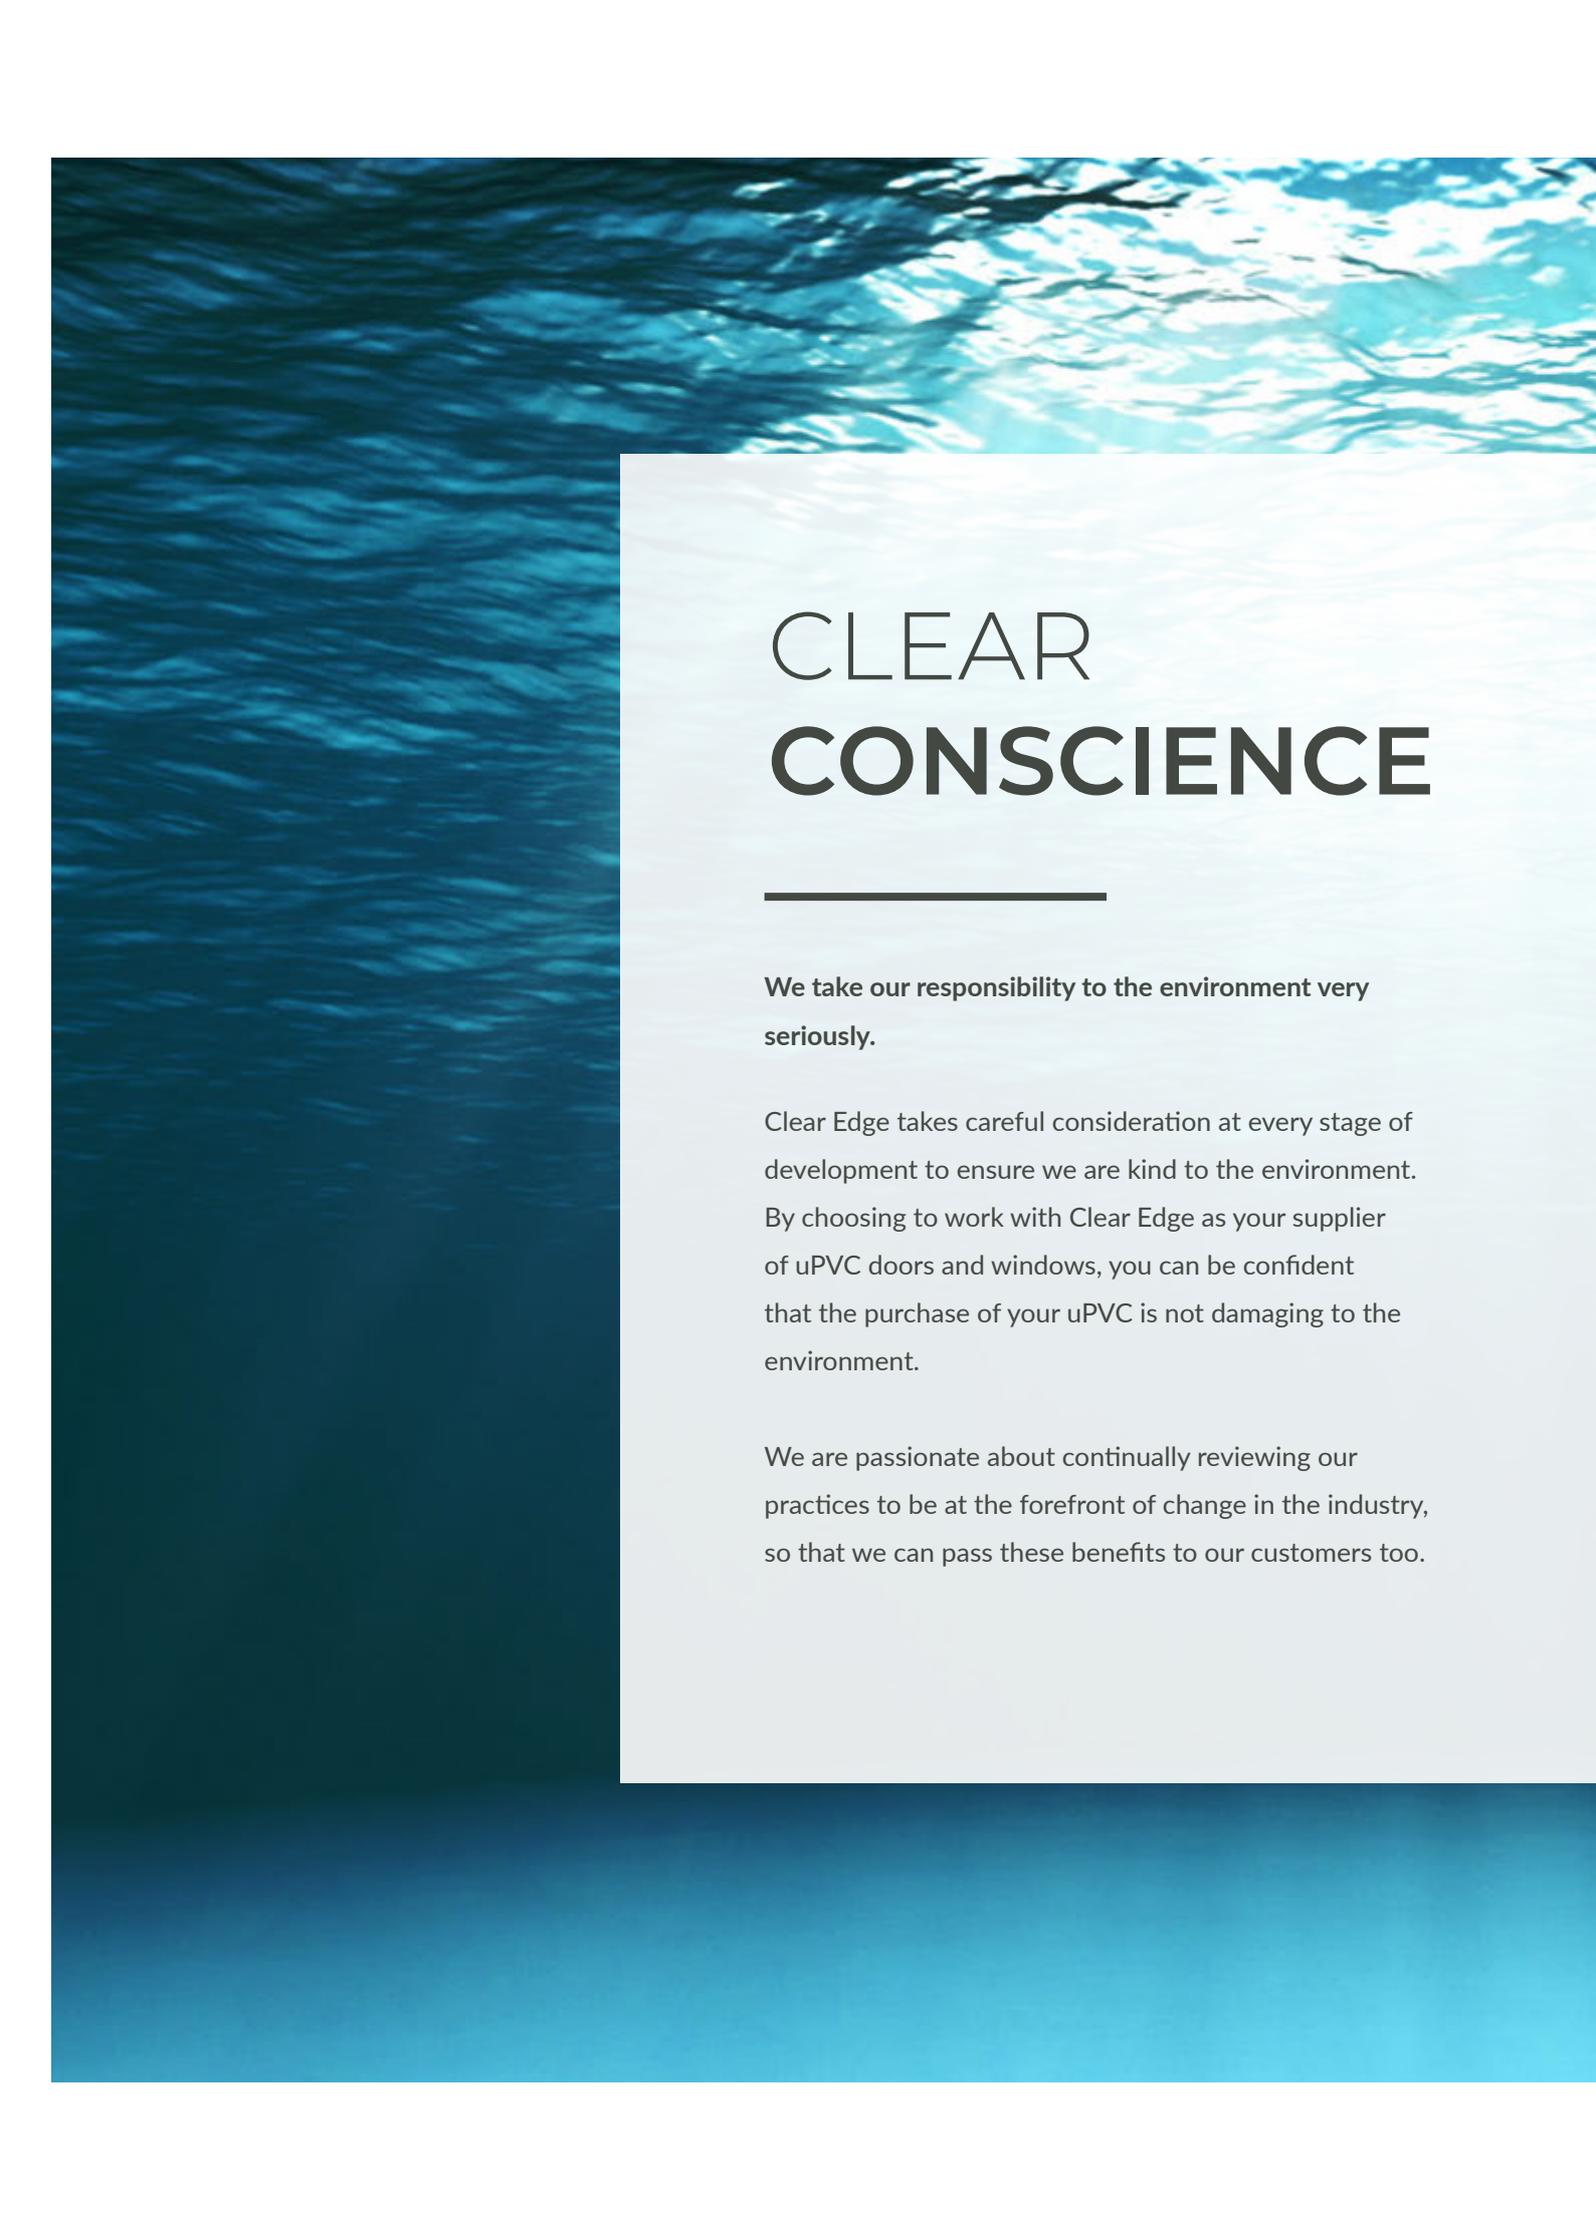

We assemble our products ourselves in our state of the art & fully automated factory in Buckinghamshire.

## Eco-Friendly

---

Clear Edge takes careful consideration at every stage of development to ensure we are kind to the environment and can pass these benefits on to our customers and communities.

# CLEAR CONSCIENCE

---

**We take our responsibility to the environment very seriously.**

Clear Edge takes careful consideration at every stage of development to ensure we are kind to the environment. By choosing to work with Clear Edge as your supplier of uPVC doors and windows, you can be confident that the purchase of your uPVC is not damaging to the environment.

We are passionate about continually reviewing our practices to be at the forefront of change in the industry, so that we can pass these benefits to our customers too.

## Factory

---

The Clear Edge factory and offices are powered by one of the UK's largest solar panel grids and our factory and offices are completely carbon offset.

## Recycling

---

Any off-cuts or 'waste' created in the production of our product is recycled and general waste is also recycled or incinerated to become power for a local village grid.

## Replace & Recycle

---

Clear Edge operate with a Replace & Recycle Scheme, meaning whenever we are replacing 'end of life' uPVC we will transport the old material to our factory to be recycled, completely avoiding landfill.

## The Product

---

Clear Edge uPVC doors and windows are designed for superior energy efficiency and reduce the demands of damaging fuels by keeping homes warmer much more efficiently, reducing their carbon footprint.

# HOW TO PURCHASE

---

*The team here at Clear Edge will be on hand to assist you in any way possible at any stage of your enquiry or order. Our service is second to none and promises to be efficient, thorough and friendly at every stage.*

## Visit our website:

Send the plans or drawings for your project to us and we will draw up a quote based on your exact needs. We will always work quickly and efficiently to supply your quote as to help keep the momentum with your plans – generally within 24hrs. You can also download a handy quotation form from our website:

[clearedge.co.uk/quote](https://clearedge.co.uk/quote)

## Call or email our dedicated sales team:

[hello@clearedge.co.uk](mailto:hello@clearedge.co.uk)

01296 328300

## 1. Quotation

---

Always free and always no-obligation, we have made it so easy and fast to find out exactly how much your uPVC will cost and how long it will take us to build, taking hassle and apprehension out of the picture.

- [clearedge.co.uk/quote](https://clearedge.co.uk/quote)

- [hello@clearedge.co.uk](mailto:hello@clearedge.co.uk)

## 2. Product Production

---

Once your order is confirmed it will be sent straight to our production facility where our highly skilled craftsmen will create your design. Production generally takes between 7 and 15 days depending on the size of your order.

You will be assigned a dedicated account manager who will oversee the production to ensure that all timescales are met and that your order is not delayed.

## 3. Delivery or Collection

---

Your doors and windows can either be delivered or collected from our production facility in Buckinghamshire.

We deliver our products ourselves, meaning that you will never need to speak to any third parties or chase the status of your delivery. Your dedicated customer care representative will do all of this on your behalf.

# HOW WE MANUFACTURE

---

## **Built to perfection, in house.**

We manufacture every Clear Edge uPVC door and window ourselves.

Our state-of-the-art factory in Buckinghamshire boasts the most modern Rotox machinery, paired with expert craftsmanship for a hand quality finesse. With our high-performance machinery and extensive experience, we are able to harness and control expert precision to create flawless results, every time.

## **Market leading suppliers.**

We work with industry leading suppliers to create a complete door and window solution for your business that offers quality in even the tiniest details. We leave nothing to chance; we test every element from our suppliers as a finished product to ensure that everything works harmoniously together for lasting quality.

## **REHAU & HOPPE.**

AUTHORISED  
PARTNER

For our uPVC door and window profiles we use the Total 70 profile from REHAU; a name synonymous with the world's best profiles. Our decision to work exclusively with REHAU was a clear choice with great benefits that we in turn can pass to our customers.

Clear Edge have worked in partnership with HOPPE handles to develop a product that is not only beautiful but fits the total quality demands of our product. HOPPE are experts in precision who are famous within the industry for being a step above all others.

# OUR PROJECTS

---

*Clear Edge manufacture superior quality doors and windows for projects of any size. From private residential properties to providing contracts to large garden room suppliers and housing developers.*

# BUILT FOR GARDEN ROOMS

---

*At Clear Edge we have listened carefully to the demands of the garden room market to design a product that is highly durable and of the highest quality.*

Our client, Green Retreats, challenged us to create two bespoke colours and to improve the overall quality of their door and window offering.

**Clear Edge have so far supplied 1500+ units without a single return or call out to site.** This has increased efficiency by saving time and money, and also an improved customer experience score.

Our knowledge and experience within the garden room market leads us to drive further improvement in the industry, supplying superior quality products for other garden room companies.

## Snagging

---

2018 was the hottest summer on record since 1976 and Clear Edge were challenged to reduce snag rates. Clear Edge have supplied 1500+ units to Green Retreats without a single return or call out to site.

## Installation

---

To revolutionise the development and installation process, Clear Edge and our suppliers engineered mechanically jointed doors, allowing for easier site access and to maintain integrity once installed.

## Machinery

---

With the production of 80 to 90 sets per week, quality control on all machinery is high on the Clear edge agenda. This guarantees the production of top quality products and distribution methods.

## Suppliers

---

Clear Edge carefully selected a group of suppliers we could trust as a product and company. These suppliers are; Hoppe, Rehau, Carl F Group co, SFS and Quest.
